Institute of the International Association for Research and Testing in the Field of Textile Ecology (Oeko-Tex)

The company

ELAS A/S

Industrivej Nord 1, Birk

7400 Herning, DENMARK

is granted authorisation according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our test report **1319876-20-27**

Tested for harmful substances
according to Oeko-Tex® Standard 100

54925

DTI Denmark

for the following articles:

Ribbon, lace and cord for product class I:

Woven, braided and crochet articles, elastic and unelastic - including hook and loop fastening ribbons - made of cotton, viscose, polyester, polyamide, elastodiene and elastane in various compositions, as well as FR modal with flame retardant properties accepted by Oeko-Tex®.

The results of the inspection made according to Oeko-Tex® Standard 100, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for baby articles.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

This authorisation is valid until 31.03.2016

Taastrup, 07.04.2015
