Hohenstein  
Textile Testing Institute  
GmbH & Co. KG

**HOHENSTEIN**

Schloss Hohenstein • 74357 Boennigheim • Germany

Institute of the International Association for Research and Testing in the Field of Textile Ecology

The company

**INVISTA Textiles (UK) LTD.**

**Maydown Works**

**Londonderry BT47 6 TH, UNITED KINGDOM**

is granted authorisation according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our **test report 15.0.70288**

**Tested for harmful substances**  
according to Oeko-Tex® Standard 100

**13.HUS.29511**

**Hohenstein**

for the following articles:

Spandex (elastane) yarns, Lycra® and ELASSPAN® yarn, raw, white and black. Note: diverse tested filament fibres contain more than 0,1 % (but less than 3 %) of DMAc (N,N-Dimethylacetamide) and have to be treated hot (in wet or in dry stage) during further processing. Mandatory testing to ensure that the solvent content has dropped below 0,1 % is necessary afterwards.

The results of the inspection made according to Oeko-Tex® Standard 100, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for baby articles.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

**This authorisation is valid until 30.09.2016**

Boennigheim, 14.10.2015
