Subject: [Support #ULB-762-88935]: Question regarding transit visa

Dear Sir,

According to the information received from Minsk International Airport Border Service transit passengers travelling via Minsk do not need a transit visa to Belarus in case:
they have valid passport and valid documents (national passport and/or visa, etc.) to enter the country of their final destination;
they have confirmed ticket for all itinerary;
their stay in Minsk does not exceed 24 hours
The information about Visas to Belarus is also available at <http://www.mfa.gov.by/en/visa/>

Best regards,
Katerina
