C O N F O R M I T Y

This is to attest, that our

Art. Nr.

110 020 - Earth rod; ø 20/1500 mm; type A;
Steel/hot galvanized

is in conformance with

DIN EN 50 164-2; VDE 0185-202 Blitzschutzbauteile
Teil 2: Anforderungen an Leitungen und Erder
(03-2007)

We hereby additionally confirm that our 2 factory plants are certified according to
DIN ISO 9001 (DQS-Reg.No. 2894).

Our quality assurance system is in accordance with the DIN/VDE regulations as well
as the current technical state of the art that supersedes the DIN standards.

Our designs are also in accordance with new international standards not yet
implemented into national standards as well as the draft versions of European
standards.

Our proven and patented articles that do not have DIN registration numbers, are
designed and manufactured according to the above mentioned standards and
regulations.
