

Service Acceptance Certificate

March 13th, 2019

In accordance with the Contract regarding Common IT system technical specification (hereinafter referred to as the "Study"), signed on January 25th, 2019, between JSC "Conexus Baltic Grid", AB "Amber Grid", Elering AS, Gasum Oy, Baltic Connector Oy (hereinafter jointly referred to as the "Customer") and Ernst & Young Baltic AS (hereinafter - the "Contractor"), the Customer and the Contractor have drawn up this Certificate to verify that:

The Study performed by the Contractor in accordance with the Contract meet the Customer's requirements and the terms of the Contract regarding term of the Study.

In accordance with the Contract, the Contractor has submitted to the Customer following deliverables:

- Completion of "IT specification for Common IT platform for gas transmission and balancing services" for the common front-end. This deliverable is qualified as the initial Common IT document (M3 according to the Contract), containing:
 - Technical specification,
 - Functional specification,
 - Architectural document,
 - Physical data model,
 - Explanations of terminology and concepts,
 - A functional prototype of an application

The Customer expresses no objections to the Contractor and accepts the results of the services in the state and quality as provided by the Contractor.

The Customer agrees to pay the Contractor the total amount of 27 500 EUR (twenty seven thousand, five hundred *euros*) excluding VAT, divided as follows:

- 1) JSC "Conexus Baltic Grid" shall pay the Contractor 6875 EUR (six thousand eight hundred seventy five *euros*) excluding VAT;
- 2) AB "Amber Grid" shall pay the Contractor 6875 EUR (six thousand eight hundred seventy five *euros*) excluding VAT;
- 3) Elering AS shall pay the Contractor 6875 EUR (six thousand eight hundred seventy five *euros*) excluding VAT;
