⁴ The table contains information concerning confidentiality of the information indicated in the application. The Service Provider must specify if his application contains confidential information and what information in the application is confidential. The whole application of the Service Provider cannot be considered as confidential information.

In case where the table or separate lines thereof are not completed, the Contracting Entity shall consider that such information in the application or the respective part thereof is not considered as confidential information.

Please note that, following Republic of Lithuania Law on Procurement by Entities Operating in the Water, Energy, Transport and Postal Services Sectors (hereinafter referred to as the "Law on Procurement"), the information which corresponds to the features and conditions set forth in paragraph 2 of Article 32 of the Law on Procurement cannot be considered as confidential information and if the Contracting Entity has any doubts as to confidentiality of information provided in the Service Provider's Tender, he shall apply to the Service Provider with the application to prove the confidentiality of the indicated information. If the Service Provider fails to provide such evidence or provides inappropriate evidence within the time limit set by the Contracting Entity (which cannot be shorter than 5 working days), such information provided in the application shall be deemed to be non-confidential.
